The principal objective of MYSA is to provide the opportunity for Marblehead children to learn and enjoy the game of soccer. A fundamental requirement therefore is that the children have fun. This means that all who wish to may participate and primary emphasis is placed on the basic skills of the sport and participating in games. The philosophy of winning at all costs has no place in our program.

Please sign below indicating that you have read the statement above and are committed to assure equality in playing time and positional play for all participants.
